

## Disclaimers

This document has been prepared solely for the purpose of providing U.K. and Dutch investors with certain information under Article 23 of the European Alternative Investment Fund Managers Directive (European Directive 2011/61/EU) (the “AIFMD”) as implemented in their respective jurisdictions. Accordingly, you should not use this document for any other purpose.

### *European Economic Area and United Kingdom Investors*

The AIFMD was adopted on June 8, 2011 and was required to be implemented by each Member State of the EEA into its national legislation by July 22, 2013. The units of SANKEI REAL ESTATE Inc. (“SRE” or the “AIF”) may not be marketed (within the meaning given to the term “marketing” under the AIFMD), and the Communication may not be conducted, to prospective investors domiciled or with a registered office in any Member State of the EEA or the United Kingdom unless: (i) the units of SRE may be marketed under any national private placement regime (including under the AIFMD) or other exemption in that Member State or the United Kingdom (as applicable); or (ii) the units of SRE can otherwise be lawfully marketed or sold in that Member State or the United Kingdom (as applicable) in circumstances in which the AIFMD does not apply, provided that any such offer or sale is not made to a retail investor as described above. We have made a notification to each of the Netherlands Authority for the Financial Markets and the United Kingdom Financial Conduct Authority pursuant to Article 42 of the AIFMD in order to market the units of SRE in the Netherlands and the United Kingdom, respectively.

### *Prohibition of Sales to EEA Retail Investors*

In addition to the restrictions under the AIFMD, the units of SRE are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (the “EEA”). For these purposes, a “retail investor” means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU, as amended (the “MiFID II”), including any client, beneficiary, principal, or similar of any person acting as a trustee, agent, nominee, or similar; or (ii) a customer within the meaning of Directive (EU) 2016/97, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Regulation (EU) 2017/1129, as amended (the “Prospectus Regulation”). Consequently no key information document has been prepared required by Regulation (EU) No 1286/2014 (the “PRIIPs Regulation”) for offering or selling the units of SRE or otherwise making them available to retail investors in the EEA. Therefore offering or selling the units of SRE, or otherwise making them available, to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

### *United Kingdom*

The units of SRE are being marketed in the United Kingdom pursuant to Article 59 of the

United Kingdom Alternative Investment Fund Managers Regulations 2013. In accordance with this provision, Sankei Building Asset Management Co., Ltd. (the “AIFM”) has notified the Financial Conduct Authority (the “FCA”) of its intention to offer these units in the United Kingdom. For the purposes of the United Kingdom Financial Services and Markets Act 2000 (“FSMA”) SRE is an unregulated collective investment scheme which has not been authorized by the FCA. Accordingly, any communications of an invitation or inducement to invest in SRE may be made only to: (i) investment professionals falling within Article 19(5) of the Financial Services and Markets Act 2000 (Financial Promotion) Order 2005, as amended, or the Order; (ii) high net worth companies, unincorporated associations or other entities falling within Articles 49(2)(a) to (d) of the Order; or (iii) other persons to whom it may lawfully be communicated (all such persons, together being referred to as “Relevant Persons”). In the United Kingdom, this document and its contents are directed only at Relevant Persons and must not be acted on or relied on by persons who are not Relevant Persons. The transmission of this document and its contents in the United Kingdom to any person other than a Relevant Person is unauthorized and may contravene the FSMA and other United Kingdom securities laws and regulations.

#### *Prohibition of Sales to UK Retail Investors*

In addition to the restrictions under the AIFMD, as retained by the United Kingdom in its domestic laws, the Units of SRE are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom. For these purposes of this provision, a “retail investor” means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (“EUWA”); or (ii) a customer within the meaning of the provisions of the FSMA and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA; or (iii) not a qualified investor as defined in Article 2 of Regulation (EU) 2017/1129, as it forms part of domestic law by virtue of the EUWA; and the expression “offer” includes the communication in any form and by any means of sufficient information on the terms of the offer and the international units to be offered so as to enable an investor to decide to purchase or subscribe the international units.

Consequently no key information document required by Regulation (EU) No 1286/2014, as it forms part of domestic law by virtue of the EUWA (the “UK PRIIPs Regulation”), for offering or selling the international units or otherwise making them available to retail investors in the United Kingdom has been prepared and therefore offering or selling the international units or otherwise making them available to any retail investor in the United Kingdom may be unlawful under the UK PRIIPs Regulation.

#### *Netherlands*

The units of SRE are being marketed in the Netherlands under Section 1:13b of the Dutch Financial Supervision Act (Wet op het financieel toezicht, or the “Wft”). In accordance with this provision, the AIFM has notified the Dutch Authority for the Financial Markets (Autoriteit Financiële Markten, the “AFM”) of its intention to offer these units in the Netherlands. The units of SRE will not, directly or indirectly, be offered, sold, transferred or

delivered in the Netherlands, except to or by individuals or entities that are qualified investors (gekwalificeerde beleggers) within the meaning of Article 1:1 of the Wft, and as a consequence neither the AIFM nor SRE is subject to the license requirement for investment institutions (*beleggingsinstellingen*) or their managers pursuant to the Wft. Consequently, the AIFM and SRE are only subject to the supervision of the Dutch Central Bank (De Nederlandsche Bank, “DNB”) or the AFM for the compliance with the ongoing regulatory requirements as referred to in the Dutch law implementation of article 42 of the AIFMD. According to Article 23 the prospectus is not subject to approval by the AFM. No approved prospectus is required to be published in the Netherlands pursuant to Article 3 of the Prospectus Regulation as amended and applicable in the Netherlands.

Investment strategy	<p>SRE’s basic strategy is to expand the scale of its portfolio while maintaining and improving earnings of assets under management over the medium to long term. We aim to execute this strategy by implementing an “asset recycling business model” with the Sankei Building Group, which has significant expertise in real estate development, operation and management as well as by leveraging the unique content and media development capabilities of the Fuji Media Holdings Group’s developers and the Sankei Building Group’s platform.</p> <p>SRE’s portfolio strategies are as follows:</p> <ul style="list-style-type: none"> <li>• Asset Types <p>In October 2023, SRE changed its investment policy to convert to a diversified REIT. Certain fixed percentages of SRE’s portfolio are also generally invested in other asset types, which possess characteristics different from those of office buildings and contribute to growth and stability in portfolio revenue, with the goal of building a strong portfolio by stabilizing revenue and achieving growth capable of withstanding the cyclical real estate market. The ratio of investment in hotels, logistic facilities and residential facilities (including residences, student residences, and healthcare facilities) is collectively 30-50%, with other asset types representing 0-10%.</p> </li> <li>• Geographic Areas <p>In general, SRE’s primary investment areas are Greater Tokyo, Greater Osaka and Greater Nagoya, considering the investment policy regarding asset types, their population and economic and commercial concentration. A certain percentage of SRE’s portfolio is also invested in Japanese government ordinance-designated cities, core cities and other major regional cities across Japan, in order to diversify the portfolio risks and identify the ideal locations in light of the characteristics of each asset type. The ratio of investment in Greater Tokyo, Greater Osaka and Greater Nagoya is collectively 70% or more, with Japanese government ordinance-designated cities, core cities and other major regional cities across Japan collectively representing 30% or less.</p> </li> </ul>

investment restrictions	<p>regulations (e.g., the Act on Investment Trusts and Investment Corporations (the “ITA”), the Financial Instruments and Exchange Act (the “FIEA”)) as well as its articles of incorporation.</p> <p>SRE must invest primarily in specified assets as defined in the ITA. Specified assets include, but are not limited to, securities, real estate, leaseholds of real estate, surface rights (<i>chijō-ken</i>) (i.e., right to use land for the purpose of having a structure on it) or trust beneficiary interests for securities or real estate, leaseholds of real estate or surface rights. A listed J-REIT must invest substantially all of its assets in real estate, real estate-related assets and liquid assets as provided by the listing requirements. Real estate in this context includes, but is not limited to, real estate, leaseholds of real estate, surface rights, and trust beneficiary interests for these assets, and real estate-related assets in this context include, but are not limited to, anonymous association (<i>tokumei kumiai</i>) interests for investment in real estate. Circumstances in which the AIF may use leverage	<p>SRE may take out issue long- or short-term loans or corporate bonds for the purpose of asset acquisition, payment of repair expenses, payment of distributions, attaining funds required for the operation of SRE and repayment of obligations.</p>
The types and sources of leverage permitted and associated risks	<p>Loans or investment corporation bonds.</p> <p>Loans or investment corporation bonds in which SRE enters or SRE issues may be subject to restrictive covenants in connection with any future indebtedness that may restrict operations and limit its ability to make cash distributions to unitholders, to dispose of properties or to acquire additional properties. Furthermore, if SRE were to violate such restrictive covenants, such as with regard to loan-to-value ratios, lenders may be entitled to require SRE to collateralize portfolio properties or demand that the entire outstanding balance be paid.</p> <p>In the event of an increase in interest rates, to the extent that SRE has any debt with unhedged floating rates of interest or SRE incurs new debt, interest payments may increase, which in turn could reduce the amount of cash available for distributions to unitholders.</p> <p>Higher interest rates may also limit the capacity for short- and long-term borrowings, which would in turn limit SRE’s ability to acquire properties, and could cause the market price of the units to decline.</p>
Any restrictions on leverage	<p>The maximum amount of each loan and corporate bond issuance will be ¥1 trillion, and the aggregate amount of all such debt will not exceed ¥1 trillion.</p>
Any restrictions on collateral and asset reuse	<p>No applicable arrangements.</p>

arrangements	
Maximum level of leverage which the AIFM is entitled to employ on behalf of the AIF	As a general rule, SRE will maintain a conservative loan-to-value, or LTV, ratio, which is the ratio of (x) the aggregate principal amount of borrowings and investment corporation bonds to (y) the total assets of SRE's portfolio. SRE has set in principle 60% as its maximum LTV ratio; however, SRE's LTV ratio may fluctuate as a result of property acquisitions or other events.
<b>Article 23(1) (b)</b>	
Procedure by which the AIF may change its investment strategy / investment policy	<p>Amendment of the articles of incorporation. Amendment requires a quorum of a majority of the total issued units and at least a two-thirds vote of the voting rights represented at the meeting. Unitholders should note, however that under the ITA and SRE's articles of incorporation, unitholders who do not attend and exercise their voting rights at a general meeting of unitholders are deemed to be in agreement with proposals submitted at the meeting, except in cases where contrary proposals are also being submitted. This deemed affirmative vote shall also not be applied to matters regarding (i) election or dismissal of an executive officer or an supervisory officer, (ii) consent to execution or cancellation of the asset management agreement with the AIFM, (iii) dissolution of SRE, (iv) combination of investment units or (v) exemption from liability of an executive officer, an supervisory officer or an auditor when (i) within two weeks from the date on which SRE announced submission of the proposals regarding the matters above to a general meeting of unitholders on its website or the date on which a convenor announced the submission through a method equivalent to such, whichever date is earlier, a unitholder who owns 1% or more of the total investment units issued for a continuous period of six months or longer has notified SRE (as well as the convenor if applicable) of their disapproval of the said proposals, or (ii) SRE has stated its disapproval of the proposals regarding the matters above in the convocation notice or announced such on its website.</p> <p>Additionally, the guidelines of the AIFM, which provide more detailed policies within SRE's overall investment strategy and policy, can be modified without such formal amendment of the articles of incorporation.</p>
